

Phoenix Children's

Ignite Hope

What area of care are you fundraising for?

Barrow Neurological Institute (BNI)

When you fundraise for BNI at Phoenix Children's, you are supporting the largest pediatric neuroscience center in the Southwest. It offers the most comprehensive inpatient and outpatient neurological care and services to infants, children and teens with neurological diseases and disorders.

Behavioral and Mental Health

Phoenix Children's wants to ensure that children and families across the region have access to mental health care and support - when and where they need it. Your contributions will greatly impact our mission to provide vital mental health services to those in need.

Center for Cancer and Blood Disorders (CCBD)

As Arizona's largest pediatric cancer program, Phoenix Children's CCBD treats thousands of young cancer patients each year. It's our mission to ensure that they get the best care from the moment of diagnosis to the completion of treatment and beyond. Your support can make this mission a reality.

Center for Cleft and Craniofacial

When you fundraise for the Center for Cleft and Craniofacial, you are supporting new or expecting parents of a child diagnosed with cleft lip, cleft palate or other craniofacial disorder, older children or adolescents with an untreated cleft or craniofacial disorder, and adults with a poorly repaired or untreated cleft palate disorder.

Center for Fetal and Neonatal Care

This center provides babies with the most advanced, specialized medical care. Fetal and newborn health issues often require a multidisciplinary team of medical and surgical specialists to work together. Your contributions will help maintain and grow this program.

Center for Heart Care

Phoenix Children's Center for Heart Care is the fifth-largest pediatric cardiac program in the country and a leading Center of Excellence offering the best pediatric cardiology care in the Southwest region. Choose this fund to bring a pulse to fundraising, ensuring that children in need receive the life-saving treatments and support they require.

What area of care are you fundraising for?

Center for Trauma Care

Make daily miracles happen through fundraising for Phoenix Children's Level I Pediatric Trauma Center. The premier site for the evaluation, stabilization, treatment and care of children who have experienced a traumatic injury.

Gastroenterology (GI):

Aid the GI team who is made up of multidisciplinary clinics that partner with varying programs and services at Phoenix Children's to offer care for children with straightforward to complex conditions.

Herbert J. Louis Center for Orthopedics and Sports Medicine

The orthopedics team at Phoenix Children's diagnoses and treats a wide range of common and complex conditions affecting the bones, joints, and muscles of children and teens. What sets the center apart are several one-of-a-kind programs that bring hope and healing to kids dealing with orthopedic conditions and injuries.

Nursing

Phoenix Children's has a bold and transformative vision and is committed to fostering an environment that is supportive of a diverse and highly skilled clinical workforce, one that helps them achieve their professional goals and feeds their passion for the lifesaving work they provide our patients and their families.

Phoenix Children's Ignite Hope

What area of care are you fundraising for?

Child Life

Illness, hospitalization and medical treatments are uniquely stressful for children. Phoenix Children's child life specialists are certified professionals who use education and play to promote healthy development and healing during challenging times. This program, largely philanthropically funded, is dedicated to ensuring children experience comfort and support throughout their medical journey.

Hope Fund

The Hope Fund allows us to respond to needs such as needs for new equipment, technology and more. Through the generosity of our donors and supporters, we can invest in state-of-the-art equipment and technology, cutting-edge research and clinical trials, innovative clinical programs and family-centered services that help get kids get back to being kids immediately and effectively.

Palliative Care and Bereavement

Phoenix Children's will be a leader in Palliative Medicine and will strive to provide seamless integration of palliative care at the time of a life-limiting diagnosis and throughout the patient's and family's journey to optimize quality of life thanks to supportive donors.

Patient and Family Assistance Fund

With over 50% of the children at Phoenix Children's lacking private insurance, many families must make the difficult choice to having one parent leave the workforce to coordinate appointments and treatments. The Patient and Family Assistance Fund is designed to aid these families as they care for their children by offering stress-free emergency relief for essential expenses like housing, lodging, food, transportation, and clothing.

Therapeutic Arts

Therapeutic Arts program provides patients with safe spaces for coping and healing through therapy in the arts. The creative process provides a natural form of expression for children. Our Therapeutic Arts team can facilitate meaningful creative outlets to help. Music and art offer a safe channel for communication when there are no words.

Children's**

What area of care are you fundraising for?

Spiritual Care

Phoenix Children's Spiritual Care Team complements high-tech treatment with high touch care. When families experience stress, guilt or uncertainty, chaplains offer calming reassurance. They spend their day helping patients and family members navigate urgent health issues, new and sometimes frightening diagnoses, and the strain of chronic illnesses.

Volunteer Services

Whether engaging with patients at the bedside, assisting in our in-hospital school, or helping families find their way around the hospital campus, Phoenix Children's In-Hospital volunteers help provide hope, healing and care for patients and their families.

Not sure which program to select? Choose the Hope Fund. The Hope Fund provides support throughout all of the programs at Phoenix Children's
